PWS Documents Search Tool on MassDEP's Website

PWSs can now go to one [web page](#) to find their respective Compliance Monitoring Schedule (for all PWSs), Certificate of Registration (for all PWSs), and the TNC CCR. It is anticipated that that this section may grow with more info as time goes on.

Once on the web page (above) select either your PWS ID number or your PWS name from the drop down list. Click the search button. Your available items will pop up and you can choose which ones to download.

Bookmark this webpage so that you can retrieve your information whenever you choose.

MassDEP's Training Calendar

Have you tried out MassDEP's new training calendar yet? Find it [here](#). There are two options to choose from; free trainings and trainings that charge a fee. Click either to get a monthly calendar of topics for a given day. Click on the topic to retrieve all the info related to that topic.

There are instructions below that if you want to choose to subscribe to the Google Calendar Service.

Please bookmark the above web address for future use.

Several upcoming USEPA webinars are listed on the calendar including the following:

Asbestos Cement Pipe Guidance

MassDEP has updated its Asbestos Cement Pipe Guidance document. Click [here](#) to view it. This document helps public and private utilities to safely remove, repair, and replace AC pipe in underground utility system networks such as water, sewer, electricity, and gas. Any questions please email Michael.Elliott@state.ma.us or phone 617-292-5575.
